

# Pickaway County Board of Developmental Disabilities

*Empowering people with developmental disabilities to live, learn, work and be involved in their community*

## How are we FUNDED?

### Local Levies

Your local property taxes are used to fund the services and supports needed to help people safely thrive.

### Matching Funds

For services authorized through Medicaid, we are able to draw down additional matching funds to stretch your local tax dollars.

### Fiscal Responsibility

By focusing on meeting needs through efficient and cost-effective methods, we ensure resources are available for everyone.

### Partnerships

By working closely with our elected officials and community partners, we maximize our impact and advocate for your needs.

**THANK YOU FOR YOUR SUPPORT!**
